Grand Theft Auto IV (GTA IV) is a 2001 action-adventure game developed by Rockstar North and Rockstar . Nov 26, 2013 I have 2 computers with XP 32 bits and Vista 32 bits. The 2nd is directly linked to internet. The first is a laptop and is not directly linked to the internet, the second is a desktop and is directly linked to the internet. I have installed GTA IV on both of them (I'm trying to play online). I have a crack file of GTA IV PC online. My problem is that the first PC is not directly linked to the internet, I have to use the second PC which is directly linked to the internet, to play online. I know that I can easily solve this problem by moving the crack file to the first PC, but I don't want to do it because it's forbidden by the Ubisoft website. And I don't know how to put the crack file in the first PC. I need your help. How to Install Grand Theft Auto IV Offline / Free Download 0. Extract the crack file from the zip file using 7zip, WinRAR or a similar program (Internet is highly recommended). 2. Right-click on the.exe file that you have just extracted, and select the Properties. 3. Click on the Compatibility tab. 4. Then, change the System Version to 6.0 or higher, and then press Apply. 5. Copy the crack file into the crack folder. Jun 5, 2012 How do I Activate the game without a key? I have the game and have tried to install it as administrator but it did not work.
