$output->writeln('Done'); } } } } For four months an
```

anonymous Reddit user has been posting a mysterious new piece of art on the online message board. The pictures are all of a woman in various states of undress. They vary in color, and some are dominated by red, others by blue, others are white or black, with not a drop of color in between. They look as if they were painted in the span of

---

seconds, but the woman in all of them is the same, sitting in a mostly white room, her body turned to the side, her eyes closed. They are funny, tasteless and, above all, anonymous. On Tuesday, the avatar was posted to the board r/funny,
