Category:Computer-related introductions in 2007 Category:Graphics software Category:3D graphics software Category:MacOS graphics softwareIt has been almost a decade since the Charles and Diana scandal broke out in 1992. The marriage between Princess Diana and Prince Charles had been on the rocks since the death of Diana's father, King Sir Trevor Phillips, in 1992. The King was sickly throughout his reign and had not been in a fit state to travel to the wedding of his son to the then divorced Lady Diana Spencer in 1973. Queen Elizabeth II was reportedly keen on the match, and in a rare move allowed the wedding to take place on the grounds that Charles was a commoner. 2d92ce491b
