No use for commercial purposes. THE DOCUMENT IS FOR SAVING INFORMATION ONLY. Cricket Scoreboard Basic, 2. iPad, 3. iPhone, - Not compatible with Windows Phone Prices vary between countries. Specifications Cricket Scoreboard Basic Approximate weight: 0.59 Dimensions: 312.4 × 122.7 × 3.9 File Size: 1.07 Reviews There are no reviews yet. Only logged in customers who have purchased this product may leave a review. Features The score list is a place where you can see the details of the cricket game, as well as count the points for each team. The score list can be displayed in one of several ways: Score List is on the left and the visitor teams score is on the right. Score List is on the left and the host teams score is on the right. The scoreboard also allows for the display of the innings, the total runs, as well as the total runs per wicket or the total runs per over. Time of the innings can be displayed on the scoreboard, allowing the user to see how long the game has been going on. In the list view, you can click on the icon next to the team of interest in order to view the batting team's details. - On the right-hand side of the display screen, you can choose to display the current innings, the total runs for the team, or the total runs per wicket or over. If the total runs per wicket is displayed, you can click the icon for the player/opponent and see the relevant batting statistics.
