Chiropractic is a well-established medical field that utilizes manipulative and massage therapy to provide relief to a variety of ailments and injuries. Chiropractors are doctors of chiropractic. They differ from medical doctors in that they are not formally trained in medicine. The term Chiropractic is derived from the Greek word of chiropractic. This word means" The manual or hand skill", which means that chiropractors' main focus in diagnosis and treatment is hands-on maneuvers and adjustment treatments. n.d. A technique that is used by chiropractors to relieve spinal pain and to restore normal alignment of vertebrae, and to support musculature and normal function of affected nerves. Acquiring Chiropractic EducationThere are three educational paths for chiropractors to follow. 1. Ch.D. Chiropractic education can be accomplished through a college or university major in chiropractic, as well as a program of study in a chiropractic college or through an online program. There is no length of study or course work required for the degree. The next two educational pathways are degree programs that are part of a broader medical education or are comprehensive programs that include a number of years of study in the health professions and arts. The fourth option is to complete the requirements for a degree in chiropractic education through a highly selective chiropractic program at a chiropractic college or university. A 4-year chiropractic program may include classes in: Anatomy, Physiology, Biochemistry, Cellular Biology, Microbiology, Pharmacology, Psychopharmacology, Pathology, Immunology, Microbiology, Physiology, Pharmacology, Anatomy and Physiology, Physiology, Pharmacology and Pathology, Biochemistry, Anatomy and Physiology, Pharmacology, Physiology, Microbiology, Clinical Anatomy and Physiology, Biochemistry, Microbiology, Pharmacology, Psychopharmacology, Pathology, Immunology, Microbiology, Physiology, Pharmacology, Anatomy and Physiology, Physiology, Pharmacology and Pathology, Clinical Anatomy and Physiology, Anatomy and Physiology, Pharmacology, Physiology,
