Cart Corporate Corporate Corporate Corporate Corporate Corporate About Monetize Asset-based lending We partner with the leading non-bank lenders to offer a proprietary, industry-leading suite of lending products to the corporate credit risk segment. Our asset-based lending platform leverages the strength of our relationship with leading non-bank lenders, and a robust, state-of-the-art technology platform to create a comprehensive solution for this segment of the financial services market. Financial Services We provide investment banking, financial products, and advisory services to institutional and individual investors, including credit, distressed debt and government debt. We offer a fully integrated suite of capital markets products and services, including value, special situations, corporate credit, and distressed debt. This is complemented by one of the industry's most comprehensive and sought-after research resources, The BAML Research Center. Utilities We are a top 20 global utility leader, providing innovative online products and services to over 600,000 retail and wholesale customers, and investing more than \$40 billion in U.S. infrastructure projects. We currently manage assets worth approximately \$36 billion and have a strong corporate structure with high levels of operational and capital efficiency. Asset Management We provide comprehensive asset management solutions, including special situations, public and private credit, and advisory services, which help our clients build, assess, and manage credit portfolios. Our Asset Management business sector is the core of BAML, which has been providing investment banking, investment management, and credit advisory services to institutions for nearly 100 years. Consulting We provide consulting services to a wide range of financial institutions. We are a premier provider of consulting services for banks, hedge funds, and other financial institutions with a robust and innovative culture. 648931e174
